Dear Mort:

It is my great pleasure to nominate Dr. Edward W. Proctor for the National Civil Service League's Career Service Award.

As CIA's Deputy Director for Intelligence, Dr. Proctor has the key role in our government with regard to foreign intelligence analysis. He is the leader of those who produce the reports and assessments of events abroad which are vital to the nation's decision makers. The ever increasing demand for timely analyses in a rapidly changing atmosphere has been a challenge which Dr. Proctor has met with courage and unique ability. He has capped a career as a formidable intelligence analyst by becoming a master of the business of managing intelligence analysis.

I nominate Dr. Edward W. Proctor with the sincere belief that his career accomplishments are deserving of the recognition which the League's Awards Program provides and that his selection would serve to strengthen the public service by highlighting the true value and contributions of the intelligence profession.

Sincerely,

  
W. E. Colby  
Director
